The Lawyers' Committee for Rhode Island (LCRI) will provide Know Your Rights trainings on Tuesday, February 17th from 5:30–7:30PM, and Saturday, February 28th 10:00AM–12:00PM at a location to be announced in central Rhode Island with free parking available. These trainings will provide guidance on how to stay within the law when:

- you are a friend or bystander during an ICE arrest,
- you are protesting,
- you are documenting,
- you are protecting your place of worship, business, or home from ICE, and
- when federal immigration enforcement is present in our neighborhoods and our communities.

Please join us for this important training and learn how you can stand up for democracy and stand by those who are targeted.

The Lawyers' Committee for Rhode Island (LCRI) is an organization of lawyers using the law to protect people, groups, and institutions in Rhode Island from illegality by the federal government, and to support efforts to maintain and advance democracy.
